#### LIVRES XXI-XXX

Parmi les anciens exemplaires en écriture onciale qui ont été conservés de l'Histoire Romaine de Tite-Live, le manuscrit de Paris (latin 5730), qui renferme le texte presque entier et est la source principale de la troisième décade de cette histoire, est depuis longtemps célèbre '. Conservé au moyen-âge dans la bibliothèque

1. On peut consulter sur les anciens manuscrits de Tite-Live en lettres onciales: Analecta Liviana, ediderunt Th. Mommsen et G. Studemund (Lipsiæ, 1873, in-4°), et le tome IV des Palaeographische Forschungen de M. L. Traube, Bamberger Fragmente der vierten Dekade des Livius (München, 1904, in-4°; aus den Abbandlungen der K. Bayer. Akademie der Wiss., III Kl., XXIV Bd., I. Abt.). L'an dernier, des fragments, d'un nouveau manuscrit de Tite-Live en onciale (XXXIV, 36-40), ayant servi à envelopper des reliques conservées dans l'autel de la chapelle du Sancta sanctorum du Latran, ont été signalés par M. Ph. Lauer, Fondation Eug. Piot, Monuments et mémoires (1906), t. XV, p. 128, et bientôt publiés par M. M. Vattasso, Frammenti d'un Livio del V. secolo recentemente scoperti. Codice Vaticano latino 10696 (Roma, 1906, in-fol.).

de l'abbaye de Corbie, en Picardie, il semble que c'est à lui que doive s'appliquer l'article 331: « Titi Livii decada tertia » de l'un des anciens catalogues, du XIII<sup>e</sup> siècle, de cette illustre abbaye <sup>1</sup>. A la suite des troubles de la seconde moitié du XVI<sup>e</sup> siècle, il fut recueilli, avec d'autres manuscrits aussi importants, par le jurisconsulte et bibliophile parisien Claude Dupuy (1545-1594) <sup>2</sup>, d'où le nom qu'il a reçu de Codex Puteanus <sup>3</sup>. Un moment, on put craindre, en 1580-1581, que ce fameux manuscrit ne quittât la France pour l'Italie et n'allât rejoindre les fragments de l'Augusteus de Virgile, donnés quelques années auparavant par Claude Dupuy à Fulvio Orsini <sup>4</sup>. Dupuy sut heureusement résister aux instances du collectionneur romain <sup>5</sup> et le volume

<sup>1.</sup> Ms. 520 du fonds de la reine de Suède, au Vatican; publié par A. Mai, Spicilegium Romanum, V, 202-203; L. Delisle, Cabinet des manuscrits, II, 432-440; et G. Becker, Catalogi bibliothecarum antiqui, p. 277-285.

<sup>2.</sup> Voir L. Delisle, Cabinet des manuscrits, I, 262-264.

<sup>3.</sup> On lit au bas du premier feuillet du manuscrit la signature : Claudii Puteani.

<sup>4.</sup> Voir G. H. Pertz, Ueber die Berliner und die Vaticanischen Blätter der ältesten Handschrift des Virgils (Berlin, 1863, in-4°); L. Delisle, Cabinet des manuscrits, I, 262; P. de Nolhac, la Bibliothèque de Fulvio Orsini (1887), p. 88-90.

<sup>5.</sup> Il en détacha cependant un feuillet, soit du commencement du livre XXI, soit de la fin du livre XXX, qui manquent dans le manuscrit de Paris, et l'envoya en 1581 à Fulvio Orsini. Ce feuillet est aujourd'hui perdu (Nolhac, l. c., p. 89-90). — Par contre, vers le milieu du XVIIe siècle, un bénédictin de Saint-Germain-des-Prés, Dom Anselme Le Michel, en explo-

resta à Paris, dans sa bibliothèque, jusqu'à la mort du dernier survivant de ses quatre fils, Jacques Dupuy, qui, par testament, l'avait légué au roi, quelques années auparavant, avec tous ses manuscrits anciens. C'est ainsi que le Tite-Live entra en 1657 dans les collections de la Bibliothèque nationale '.

Le manuscrit latin 5730 est un gros volume de format in-4°, recouvert, au début du xixe siècle, d'une reliure pleine en maroquin bleu et composé de 470 feuillets 2 de parchemin très fin, mesurant 278 millimètres sur 235. Il est écrit à deux colonnes, comptant chacune 26 lignes à la page, d'une belle écriture onciale, tracée avec une encre de couleur fauve et dont on peut rapporter la date au ve ou au vie siècle 3. Primitivement,

rant les bibliothèques de son ordre, en retrouva un feuillet, aujourd'hui coté 470, en tête duquel il mit la note suivante, dont on ne lit plus aujourd'hui que ces mots : « ... nobili exemplari superesse hic apud Corbeiense cœnobium. »

<sup>1.</sup> Il portait le nº 2 dans le catalogue des manuscrits de Dupuy et reçut le nº 5255 dans l'inventaire de la Bibliothèque du roi dressé par N. Clément en 1682.

<sup>2.</sup> On a omis cependant dans la foliotation du XVII<sup>e</sup> siècle les trois cotes 161, 297 et 306; mais il y a trois feuillets 48 bis, 464 bis et 465 bis.

<sup>3.</sup> Voir le fac-simile ci-joint, à grandeur égale, du fol. 281 vo.— Des fac-similés de ce même manuscrit ont été déjà donnés dans les publications de Champollion-Figeac, Paléographie des classiques latins (1839), pl. III; Silvestre, Paléographie universelle (1841), pl. 121; édition anglaise de sir Fr. Madden (1849), et Palæographical Album (1850), même pl.; Mommsen et Studemund, Analecta Liviana (1873), pl. II; Arndt, Schrifttafeln zur

il devait être formé de 65 cahiers, numérotés au bas de la marge inférieure du verso de leur dernier feuillet et tous également composés de huit pages, sauf les cahiers 43 et 45, qui n'en avaient que six, comme on peut le voir par le tableau suivant :

I. Manque. XVI. Fol. 89-96. II. Manque. XVII. Fol. 97-104. III. Fol. 1-2 [1 et 8]. XVIII. Fol. 105-112. IIII. Manque. XVIIII. Fol. 113-120. V. Fol. 3-9 [2-8]. XX. Fol. 121-128. XXI. Fol. 129-136. VI. ```

Dans son état actuel le manuscrit offre, au folio 1, le texte des chapitres 20, § 8 à 21, § 13 du livre XXI ([cu]jus avidissima gens... — ...Has copias partim...); puis, au fol. 2, les chapitres 29, § 6 à 30, § 11 ([in]tegro bello nusquam... — ...Gallos ea, quae adiri...). Le texte

La cote 297 a été omise dans la foliotation.
 La cote 306 a été omise dans la foliotation.

<sup>3.</sup> Les deux cahiers LIIII et LV devraient porter les signatures LII et LIII et vice-versa.

<sup>4.</sup> Les fol. 464 et 465 ont été cotés deux fois.

continue ensuite, sans lacune, du folio 3 au folio 469 v°, pour les livres XXI, chapitre 41, § 13 à XXX, chapitre 30, § 14 ([non pro] salute esset certamen... — ...consul creatus, cum...); enfin le dernier folio 470 contient les chapitres 37, § 3 à 38, § 3 du livre XXX, (neque domaret alios... — ...indutiae, quae Carthaginiensibus]).

Pour compléter la description de ce manuscrit, il suffira d'indiquer les feuillets auxquels commencent chacun des livres XXI à XXX de l'*Histoire romaine* de Tite-Live qu'il contient :

Livres XXI. Fol. 1.

— XXII. — 22.

— XXIII. — 77 verso.

— XXIIII. — 127.

— XXV. — 176.

— XXVI. — 225 verso.

— XXVII. — 281 verso.

— XXVIII. — 342 verso.

— XXVIIII. — 383 verso.

— XXX. — 442.

On remarquera que les titres, à la fin et au début des livres, ont été disposés en lignes tracées alternativement en encre rouge et noire et que les cinq premières lignes du début des livres XXII, XXIII, XXIV, XXVI, XXIX et XXX sont entièrement tracées en encre rouge, tandis qu'il n'y a que trois lignes seulement en rouge au début des livres XXV, XXVII et XXVIII. Enfin, il faut encore rappeler que des mentions d'une révision ou correction du texte, contemporaines de la copie, mais tracées en une écriture minuscule très fine et élégante, ont été ajoutées à la fin de chaque livre : Recognobi Abellini (fol. 22, 176, 225 v°); Recognobi ūbil. (fol. 127); Recognobi ūol. (fol. 77 v°); ou simplement Recognobi (fol. 281 v°, 342 v°, 383, 442).
